ABOUT ME

I am a frontend developer with sound knowledge of User Interface/User Experience, Web design and Front-end technologies.
I have over **8+ years of industry experience** and currently working at "IBM India" as Lead, senior UI developer & enterprise consultant.

SUMMARY

I am passionate about creating web-based solutions, UI design and development has now become a part of my identity where I proactively engage each of my intuitive, analytical, critical and creative thoughts. I participate in design reviews and provide input to design and user experience recommendations providing added value for the client. I'm specialized in building websites, portals, apps and anything which is weaved around W3C Standard Markup, while working I explore the depths of possibilities.

+ Experience in system analysis, design, workflow architecture, development, testing and maintenance of web-based applications, Proficiency in building responsive and mobile optimized websites.

+ Expert knowledge in the following UI design practices and concepts: user-centered design, UI heuristics and principles, technical writing, business and user workflow, logical information organization and navigation, prototyping and use case scenarios.

+ Well-versed in scrum, agile, strong technical & managerial skills in complex/quick website, microsite, PWA development.

EXPERIENCE

MARCH 2021 — PRESENT / BANGALORE, INDIA

IBM

Software Developer

Working at IBM as senior frontend developer and team lead for enterprise global applications, my responsibilities includes but are not limited to application management, development of modules/components, code reviews, managing the JIRA board, guiding team and stakeholders to follow agile mindset, mentoring team.
I have also been working on few application migration/revamp, it includes discussion with clients, stakeholders, users and developers to understand the pain-points and providing the solution.

Apart from this I am also the site editor and manager for departmental microsite. Coming to the engagement activities I am the learn & fun head organizer for the India region.
